With respect to the "missing" page 4 of the PTO/SB/08A form submitted with the Information Disclosure Statement dated February 23, 2004, please note that page 4 never existed. The original form mistakenly listed a total of 4 sheets when only 3

sheets were intended to be submitted. Thus, the PTO/SB/08A form submitted on February 23, 2004 included the complete list of references submitted by applicant.

The Office has rejected claims 1-21 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-79 of U.S. Patent No. 6,673,833 (Holton). Applicants file herewith a terminal disclaimer disclaiming the amount of any patent term on a patent issuing from this application which extends beyond the patent term of U.S. Patent No. 6,673,833 thus obviating the obviousness-type double patenting rejection.
